

One special day, Mommy came out of the bathroom waving a little stick and shouting, “We’re going to have a baby!”

We were so happy we shrieked,

“Woo!

Hoo!

Hooray!”

We wondered what you would look like. What color would your eyes be? Would you be a boy or a girl? We said, “Our baby is going to be awesome!”

Mommy's body had a special place called a uterus where you could be safe and warm when you were tiny. She ate healthy food to help you grow strong. Every day you grew...

Bigger...

And bigger...

And bigger!

As you grew bigger, Mommy's belly grew bigger too! She rubbed her belly and said, "My body is building an **awesome** baby!"

We visited a nurse with a special camera that could see you inside Mommy's uterus. First, we heard your heartbeat!

Ka-thump

Ka-thump

Ka-thump!

Then we saw you sucking your thumb!

Mommy asked, "Is our baby a boy or a girl?"

The nurse looked at your body and said, "I see a baby girl!"

We said, "Hooray! Baby girls are awesome!"
